

American Weapons Go Astray In Yemen

[Here](#).

And why not? By the tens of billions of dollars worth, they've gone astray in Iraq and Afghanistan and Pakistan.. And they will go astray, you can be sure, in Jordan, now preparing to do what it does best – persuade the Americans to give them much more weaponry, “to fight the Islamic State,” and that weaponry will not all be kept in the intended hands, but will be fall into unexpected hands, possibly to used by the “Palestinian” Arabs on one side of the Jordan, or the other.

That's what happens to weapons sent to Muslim lands. That's to be expected.
