

Another French Jew murdered in Paris by Muslim neighbor “screaming “Allahu Akbar.”

French Security Police, Paris, November 2015

Israel National News, yesterday had another report of a French Jew murdered by a Muslim neighbor shouting “allahu akbar” as he threw 66 year old Sarah Lucy Halimi off her third floor apartment balcony. There had been an argument and the result was her death at the hands of an irate Jihadi. This is not the first such incident in Paris or France for that matter, nor was it the first Halimi, a common Jewish Moroccan surname. There was another Halimi, Ilan, a young French Jew and cell phone salesman who was entrapped, held hostage and tortured by a self-styled Gang of Barbarians and died in January 2006. As to Muslim neighbors killed Jewish ones in Paris, we only have to recall the death of young DJ [Sebastien Selam](#) in 2003.

Let review the details of the current Halimi murder as reported by Israel National News, before we recall what happened in 2003, 2006, 2012 and 2015, two of which were originally reported by our colleague, Nidra Poller.
