

Glass, Germs, and Steel:

Why Mayor De Blasio's Draconian Public Health Policy Will Fail

by [Sarah Dillingham](#) (May 2019)

A Family, Louis le Brocqy, 1951

Measles is in the news again. The humble microbe has many faces: [scourge of the New World](#), benign and ubiquitous [rite of childhood passage](#), simultaneous conduit of modern [scientific](#)

achievement and vexing icon of evasive, unrealized dreams
