

Have the Grievance-Mongering Taqiyya-Artists at TellMamaUK Finally Lost the Plot?

by Catstrangler101 (February 2014)

If there was any confirmation needed that the mendacious, grievance-mongering taqiyya-artists at TellMamaUK have finally lost the plot, it is to be found in an analysis of the latest target that they have in their cross-hairs – Liberty GB. See this link – <http://tellmamauk.org/liberty-gb/>

The rock-dwelling bottom-feeders at TellMamaUK of course, scrape a living by diligently trawling the Internet for evidence of “online hate crime” – which apparently has become so common amongst the “racist, bigoted, hateful, intolerant Islamo-phobes” who lurk around every cyber-corner and hide in every cyber-alley, that the offices of TellMamaUK must undoubtedly be piled high with the evidence of these dastardly cyber-deeds awaiting processing by the forces of law and order, who must consequently take time off daily from investigating the lesser crimes of murder, GBH, arson, ABH, in order to decide whether to prosecute Jason from the Swamp Estate because he called Fatima a Muslim slag on Facebook.

Or maybe not.

When we last looked, the Mendacious Grievance-Monger-In-Chief at TellMamaUK, Fiyaz Mughal, was being hauled over the coals by the Association of Chief Police Officers (ACPO) and the Department of Local Communities (DCLG) for being “economical with the actualité” – to the extent that TellMama’s funding for the current year was withdrawn amidst well-publicised accusations of fraudulent misrepresentation of the statistics. Apparently – believe it or not – there is not enough “online hate crime” to go round and some more “online hate crime” had to be urgently manufactured to justify the hundreds of thousands of pounds of taxpayers’ money needed to sustain the organisation and keep it in the manner to which it had become accustomed.

But has this had the effect of chastening the Mendacious Grievance-Monger-In-Chief? Not a bit of it. Undaunted by the loss of his funding, he has continued to propound the false narrative that **“Islam is a benign and tolerant religion of peace – therefore anyone who opposes its relentless, juggernaut encroachment throughout the West must by definition be a racist,**

bigoted, hateful, intolerant Islamophobe” and has been calling for stiffer penalties including heavy custodial sentencing for anyone who dares to challenge this narrative and tell the truth – the truth being that Islam has some highly questionable characteristics that in a sane world would cause it to be precluded from being called a religion at all – rather it should be re-classified as a ruthless totalitarian political ideology with an agenda of world domination through fear, violence, terror and intimidation.

Not that he is alone in this endeavour – the Organisation of Islamic Co-operation has been pushing hard at the United Nations for the implementation of UN Resolution 16/18 which would destroy our cherished notions of free speech – the cornerstone of any open, democratic society – and criminalise any criticism of Islam in the West while at the same time rendering resistance to the Global Jihad and Islamic totalitarianism / supremacism well-nigh impossible.

However, while the world waits with increasing impatience for the necessary sanity to return to our political landscape both domestically and internationally, TellMamaUK has turned its baleful gaze towards Liberty GB. Apparently unhappy with the sane and rational policies that Liberty GB has proposed for our country in the face of increasing Islamisation, TellMamaUK has taken the Orwellian twisting of our language to a new level. Apparently Liberty GB is now guilty of the “Racialisation of Islam and Muslims.” Whatever could this mean? It certainly sounds impressive – although on closer inspection it turns out to be as intellectually dishonest as most of TellMamaUK’s other pursuits.

Apparently it has something to do with the “othering” of Muslims. Well, excuse me, Sherlock. If Muslims come to Western countries and choose not to integrate and assimilate with the host populations, despite being given every encouragement and assistance, but instead choose to emphasise their separateness and their alleged superiority over the rest of us, then who exactly is responsible for the “othering” that TellMamaUK is so exercised about? Not Liberty GB, that’s for sure.

Just to clarify things at this point, Islam of course is not a race, nor are Muslims a racial group – as this [here](#) and
