

Many Green Men and One Green Lady

by Esmerelda Weatherwax (October 2010)

As you know I take an interest in pub signs of England, churches, and all sorts of other stuff. A popular name for a pub (less so since the advent of chain pubs all called Slug and Lettuce, or the Hogshead) is the Green Man. Further, the green man (as they are currently called) is an architectural feature ancient and modern.
