

Charity boss's links to online hate

A charity handing out millions of pounds to mosques and other organisations in Britain is run by a former Qatari official who founded a website that instructed Muslims to hate Jews and Christians, [the Telegraph revealed in June how the charity was bankrolling the construction of a mosque in Sheffield being overseen by a Kuwaiti official who claimed Jews orchestrated the Sept 11 attacks.](#) *Artist's impression left – that will sit well with the northern industrial heritage and Victorian Civic pride.*
