Dhimmi Democrat Senators Durbin of Illinois, Amy Klobuchar of Minnesota and 12 others have [signed](#) a letter calling for the Obama Administration to admit a flood of 65,000 Syrian Muslim Refugees 'suggested' by UN High Commissioner for Refugees (UNHCR). Their suggested acquiescence to this UNHCR amounts to fulfilling the Dar al Hijrah imperative in the Hadith (alleged sayings of Mohammed) to use migration to conquer the whole world for Islam. In our upcoming June NER interview with Ann Corcoran of Refugee Resettlement Watch she notes that fully 92 percent of the small number of 800+ Syrian Refugees admitted to the US under the 1980 Refugee Act were Sunni Muslims, the balance were Christians and other religious minorities.
