

Did 'Gain-of-Function' Research at Wuhan Lab accidentally leak the SARS-Covid-2 Virus? An Interview with Stephen Bryen

by Jerry Gordon

Senator Rand Paul during US Senate Hearings on May 11, 2021, confronted Dr. Anthony Fauci, Director of the National Institute of Allergy, and Infectious Diseases (NIAID) with a question. Did his NIAID program fund what some bio research scientists, considered “dangerous” gain-of-function (GOF) research that may have resulted in the SARS-Covid-2 coronavirus? GOF research is where you take an existing virus, and you modify it in certain ways to increase or change its

function. At present the SARS-Covid-2 Pandemic has taken 3.8 million lives resulting in hundreds of billions in lost income and economic value. Un-authorized
