

# Eric Zemmour Reviews Alain Besançon's Latest Book

[Alain Besançon](#), a celebrated historian (primarily, but not exclusively, of Communism), has written a book – that has just appeared – on the subject of comparative religion and, above all other religions, that fanatical faith and immiscible population of True Believers – that is, Islam and Muslims.

[Here is a link](#) to the short form of Zemmour's review. When the full review is made available to non-subscribers to Le Figaro, I will post it.
