Fourteen Points on the Election

by James Como

Why they hate Trump:

- 1/ He beat the Chosen One, though he was outspent, along the way making the opposition (especially the militant punditry) look very stupid: his heresy is that he scorns their opinions.
- 2/ He is reversing Obama's – and the rest of the Woke – attempts to diminish America.
- 3/ He is too often amateurish, in the worst sense of the word.
- 4/ He's a jerk and the proximate cause of jerkdom in others.
- 5/ He doesn't care that he's a jerk: rather the opposite seems to be the case.

Why I like Trump:

6/ I don't:- 'liking' is for junior high school student government elections.

7/ To my utter surprise he *is* making America great again, *palpably*
