

J Street Gives Jimmy Carter An Award

by Hugh Fitzgerald

Elder of Zion has a piece on J Street's recently giving an award to Jimmy Carter. It's not surprising: J Street is the well-known anti-Israel organization of pro-Palestinian far-left Jews, and Jimmy Carter is admired by all those who share his deep animus to Israel. A report on Carter's latest recognition is here: "J-Street honors Jimmy Carter, who once tried to intercede for a Nazi guard who murdered Jews," [Jihad Watch](#).
