

Lebanese Army Chief: Jihadis As Dangerous As Israel

[Here.](#)

The Islamic State enthusiasts, and others engaged in the most violent kind of Jihad, are so dangerous that they bear comparison with Israel. That's how dangerous they are. The Jihadis want to conquer the world – just like Israel. The Jihadis want to impose a strict set of rules, the infraction for which can be death, on everyone in the whole world – just like Israel. And so on. Just like Israel.

And this is from Lebanon, semi-sane at times because semi-demi-hemi Christian, not from the wilder shores of Pakistan or Saudi Arabia.

Absurd but telling report [here.](#)
