

# Mayor Mandani's Nakba Day Festivities..

By Gerald A. Honigman

On May 18, 2026, [an article appeared in The Algemeiner](#) reporting on NYC Mayor Mandani's hosting the Arabs' annual attempt to lay a guilt trip on Jews for wanting in one resurrected nation, in their 4,000 year old solidly historically corroborated ancestral homeland, what Arabs now have almost two dozen of themselves...

The day after the 1st Israel rebirth on 5/14/48 (on the Hebrew lunar calendar) is considered by Arabs a "catastrophe," Nakba...

Some [background](#) about His Dishonor is in order...

Next, some more deeply troubling perspective on the alleged Nakba must be provided.

Arabs have almost two dozen independent states today, most STOLEN via their own bloody conquest and forced jihadi Arabization, settlement, and colonization of hundreds of millions of other native non-Arab peoples in their ancient millennial ancestral homelands, on over 6 million square miles of territory, from the 7th century C.E. onwards:

Judaeans/Jews; Zoroastrian Persians; [Amazigh/Kabyle "Berbers" in North Africa](#); Hindus, Sikhs, and Buddhists on the Indian subcontinent and elsewhere; Kurds; Yazidis; Druze; Assyrian, Chaldean, Armenian, Phoenician descended Lebanese, and Egyptian Coptic Christians; sub-Saharan black Africans (where the mass slaughter of kafir "infidels continues...)

Who's demonstrating, blocking traffic, rioting on campus, and so forth for any of these people? Where are the New York Times and Washington Post's editorials?

Murderous Arabized and Islamized insurgencies are also still occurring in Thailand, Afghanistan, the Philippines, Nigeria, Mozambique, Somalia, and elsewhere as well due to the never ending quest to expand the Dar ul-Islam over the Dar al-Harb—the conquests, one way or another of kafir infidels everywhere possible.

Arabized jihadis from Pakistan have caused several wars due to their murders of innocent Indian Hindus and Sikhs.

And of course the jihadis just plain outdid themselves when, on the Biblical Holy Day of Simchat Torah, October 7th. 2023, they butchered the equivalent of some 40,000

American civilians—deliberately and gruesomely massacred, beheaded, gang raped, and mutilated before slaughter.

Among those almost two dozen states Arabs currently possess mentioned earlier is one lopped off of almost 80% of the original 1920 Mandate of Palestine and given to ARABISM's cause in 1922 and known today as Jordan.

They also refused another partition in 1947 which would have resulted in Arabs, regardless of whatever name they chose to rename themselves as, obtaining about 90% of the total land in question.

They refused because in their self-centered supremacist mindset, “kilab yahud”—Jew dogs—are entitled to absolutely nothing in their own 4,000 year old ancestral homeland.

That Arabs gain such vast international support is the true nakba...a tragic revelation of the extent antisemitism has permeated virtually all societies today.

It's either this or there's a whole lot of stupid or historically ignorant people out there.

Nakba ?

More Mizrahi and Sefardi Jewish refugees were forced to flee homes in the so-called “Arab world” because of a war started by the Arabs themselves on May 15, 1948.

Pay close attention. The hard reality is the following..

No coordinated, combined attack by seven well equipped regular Arab armies (Transjordan's led by British officers), plus the local disembowelers of Jews led by Hitler's head of the Waffen SS Division for the Balkans, the Mufti of Jerusalem, Hajj Amin al-Husseini's, then no Arab refugees.

Comprenden mis amigos?

Now let's turn [once again to the account of NYC Mayor Mandani's](#) Nakba Day festivities...

Is Mamdani pained about tens of thousands of black African Christians and other non-Muslims slaughtered recently by Arabized blacks in Boko Haram in Nigeria. Sudan, and elsewhere?

Or the massacres of Druze, Kurds, Yazidis, Assyrian Christians and others by ISIS and other Arab jihadi groups occurring right now in Syria, along with increased murders, rapes, and so forth happening as well to Egyptian Coptic Christians?

Dissecting the Nakba charge further, please carefully review the following to balance the Arabs' concept that justice is only for themselves and those whom they've forcibly Arabized and Islamized.

Indeed, the overwhelming majority refer to the entire region as being simply "purely Arab patrimony," and to hell with anyone else's earlier kafir/infidel claims or rights..

Just one more analysis follows to provide the context and circumstances which caused the tragic situation which befell more Jewish refugees than Arab ones to occur.

No one is squeaky clean once war erupts.

When bullets start to fly and comrades start to die, mistakes and regretful forced decisions have to sometimes be made.

But [leading experts on the study of war](#) have consistently stated that no army comes close to the IDF in trying to limit innocent casualties...

While Arab refugees, due to the influence of autocratic, black African slave dealing Arab oil potentates, got to have a separate United Nations organization set up to assist them with billions of dollars of support, UNRWA (some of whose members participated in the Hamas bloodlust of October 7, 2023), no such aid was or organization was set up or given to Mizrahi and Sefardi Jewish refugees, many who arrived in Israel with little more than the shirts on their backs.

In America, over 50,000 Syrian Jews now live in New York City. A similar number of Persian Jews live in California, and the vast majority of France's Jews are refugees from Arab and

Arabized lands. It's original Jews were too often rounded up by their own French neighbors and handed over to the Vichy French collaborators of the Nazis.

These Jewish refugees from Arab and Arabized lands lost more than Arab refugees did, and many of the latter simply moved from one part of the original 1920 Mandate of Palestine to another, not thousands of miles away like many of the Jews.

Once again...[No Arab attack on a nascent](#), tiny Israel Reborn, [no Arab refugees.](#)

Let that sink in.
