

Michael Rectenwald: “An open avowed plan to bring about a global reset of the world’s economy”

Author Michael Rectenwald talks to host Steve Bannon about the latest globalist efforts to crush liberty. He is an expert on the “Great Reset,” which he sums up as [“Capitalism for the Rich and Socialism for the Poor.”](#)

“It’s a massive movement. It’s already underway, Steve. It’s not something that’s just impending. In fact it’s a repackaging of a globalist attempt to take over all the resources, and this time they have a real explicit mechanism for doing it.”
