

More From Our Wimp-in-Chief

Neil Munro writes in the [plunging popularity rating](#) among the military around.

The unprecedented reversal of Americans' civil-military relations, and of the president's duty to protect the First Amendment, was pushed by Earnest as he tried to excuse the administration's opposition in 2012 to the publication of anti-jihadi cartoons by the French satirical magazine Charlie Hebdo.

The White House [voiced its objections in 2012](#) after the magazine's office were burned by jihadis, following its publication of anti-jihadi cartoons...

Two more years, just two more years.
