

Nidra Poller: The Black Flag of Jihad Stalks La Republique

I just received Nidra Poller's excellent new book in the mail. Once again she has produced a book filled with insight and sage foresight. Let me quote Steven K. Baum in his introduction:

"When reading manuscripts, one might occasionally highlight a noteworthy passage here or there. In most cases, this occurs infrequently. But reading Nidra Poller, you'll find a noteworthy passage on almost every page. Her innovative terms – lethal narrative, punk jihadis, caliphators – and her sardonic style have a way of entertaining one's mind, like bonbons while watching a good movie."

I add my wholehearted endorsement. Buy this book.
