

OUCH! Yossarian

A literary kick in the pants. Reported by Reg Green

Alan Arkin as Captain Yossarian

From Joseph Heller's *Catch-22* :

Yossarian, the bombardier, desperate not to fly any more missions in World War II Italy, says:

"From now on I'm thinking only of me."

Major Danby replied indulgently with a superior smile: "But, Yossarian, suppose everyone felt that way."

"Then," said Yossarian, "I'd certainly be a damned fool to feel any other way, wouldn't I?"
