

Playing It Straight: The Gay Response to Islamic Terror

by Timothy D. Lusch (July 2016)

One could be forgiven for being mystified by the response of the LGBT community following Omar Mateen's history making massacre in June. The response, of course, inhered in the usual pledges of solidarity and cyber support, calls for cross cultural unity, and the ever popular accusations of homophobia (accusations that ring hollow after evidence emerged that Mateen may have been gay). [more>>>](#)
