Our colleagues at [Gates of Vienna](#) with the aid of the talented [Vlad Tepes](#) had this cute Likud Campaign commercial, Bibisitter, translated and subtitled.. So,. President Obama, next time you and Michelle are out of town on official or fund raising trips you might call the Bibisitter to look after your daughters. He appears more able to look after things in Israel than those others you seem to be supporting in next month's Knesset election, Tzipi and Buji..

0:21	What an honor! What... what are you doing here?
0:24	Bibi: Did you call for a babysitter? You got a Bibi-sitter. Where are the children?
0:29	But you're the Prime Minister. Are you the one to watch our children for us?

0:50	Bibi: By the time you get back, she'll probably move to the neighbors'...
0:53	In the next elections you will decide who will protect our children...
0:57	In the next elections one should vote ONLY Likud...
1:00	It's US or THEM... Only Likud... Only Netanyahu...
