

Rising Tide of Jew Hatred

by John Constantine

In the first two months of 2017 there have been over 70 bomb threats against Jewish synagogues and community centers. In addition Jewish cemeteries in Philadelphia, Brooklyn, Rochester and St. Louis have been vandalized. The FBI reports there have been ten times as many hate crimes against Jews than Muslims. There are only 14 million Jews left in the world thanks to Herr Hitler's genocide seventy years ago. The Jewish people rightfully feel under attack.

It is amazing how many elite colleges on the east and west coast have faculty who openly advocate Jew hatred. This vitriolic loathing is then communicated to their students who seem to have lost all reasoning ability. Anti-Semitism is once again on the march in our world.

No Christian can engage in anti-Semitism. Jesus was born into a pious Jewish home. Jesus stressed that he was the fulfillment of the Old Testament tradition. He said, "I have come to fulfill the Law and the Prophets." All of us who are

Christians owe an unpayable debt of gratitude to our spiritual ancestors, the Jewish people.

Meanwhile, the Nation of Islam and Louis Farrakhan continue to spew the vilest possible Jew hatred. Hamas wants to wipe Israel off the face of the earth. And Iran is racing to obtain nuclear weapons to be used against Israel. The mad Ayatollahs promise Israel a Holocaust in an afternoon while making numerous movies showing a destroyed smoking radioactive Israel. Hezbollah, Iran's state sponsored terror group, has surrounded Israel with more than 50,000 rockets capable of carrying explosives, nerve gas and biological agents.

In 1945 as the Allies rolled into Nazi Germany numerous death camps were discovered where six million Jews had been shot and gassed. After the Holocaust the watchword became "Never again." Now Iran who denies the first Holocaust is feverishly at work planning a second Holocaust whereby Israel is destroyed in a nuclear fireball. It seems "Never again" has turned into

"Once again."
