

SHANA TOVA!

Painting by Boris Shapiro

Dear Family, Friends, Chevre, and Colleagues:

Another year has rolled round the sun and, despite the pandemic, the wars, the weather, the politics, the crime, and the appalling lack of civility—we, born of luck, are still here.

May we merit another year; may G-d grant us one anyway, a year in which we continue to remain healthy and safe; alright, prosperous too.

Berachot,

Shana Tova U-Metukah,

Phyllis
