

The Left Stifles Entrepreneurs and Small Business

By Kenneth Francis (July 2017)

Charles Sheeler, *American Landscape*, 1930

When Donald Trump last month put climate change on the backburner during the Paris Accord, many non-Green small business owners breathed a sigh of relief. (Remember, the Accord is not mandatory and final. It's a pledge; and many pledges in the history of politics are broken if not 'pragmatically' altered.) [more>>>](#)
