

Where Are The Fatwas?

Where are the fatwas, from all those clerics able to issue them in France, in Europe, in the Middle East, all over the world – and there are tens of thousands of them – condemning the attack in Paris, and declaring that the use of violence to shut off criticism or even mockery of any aspect of Islam is not acceptable, violates the law and the spirit of Islam? There's not a single such fatwa, anywhere in the world. Why not?

Put the imams of France, and the world, on the spot. Ask them: will those two killers go to the Muslim Heaven? Yes or no? Will those imams offer the equivalent of excommunication, by publicly declaring that these killers of blaspheming Infidels will not go, cannot go, to that Mohammedan Heaven? Who knows the answer to that? You know the answer to that.
